

OWNER BUILDER DOMESTIC BUILDING INSURANCE APPLICATION FORM

About Owner Builder Domestic Building Insurance

Who is an Owner Builder?

An Owner Builder is someone not involved in the building industry but who takes on the responsibility of domestic building works or renovations carried out on their own property.

If you are an Owner Builder:

It is mandatory for you to obtain Owner Builder Domestic Building Insurance (DBI) cover for the domestic building work you carried out before entering into a contract to sell your property, if:

- the building project was completed less than six and a half years ago from the date of issue of your occupancy permit or certificate of final inspection; and
- the value of the building project was over \$16,000.

The policy does not commence until the contract of sale is signed. If the property doesn't sell, you may be able to cancel the policy and obtain a premium refund.

Owner Builder DBI does not provide any cover for the Owner Builder/s, it only provides cover for the purchaser of the property in the event that the building project has defective works which cannot be rectified as the Owner Builder has:

- died, disappeared or become insolvent; or
- failed to comply with a Tribunal or Court Order.

If your application is successful, and we issue a policy for the Owner Builder/s, we will rely on the information on this form. You must therefore ensure you answer all questions truthfully.
